Row 3-10: repeat row1 and 2

**Fasten off
sew tails in**

**Upper Part Make 2 Pink
Ch 28**

Row1-10: hdc all along, turn

**Take the two Beige Soles, I am using a old leather Bag that I am up cycling , and cutting to create a non slip sole
Cut 4 half circle to fit the top and bottom of each sole**

Grab your leather punch, Punch whole all along the edges of the leather, place it on your sole and sew it on using your Beige Yarn

Take all the 8 parts of your Slippers, Cut your Fusible fleece to match each part, leaving one row free since you will be crocheting through these stitches to assemble your slipper, Iron on.

Take the upper sole Parts, one of each color and place them wrong side facing each other

Grab your crochet and your Beige yarn, sl st in the upper right side of your rectangles through both of the work, sc all along through both sides

When reaching the narrow part of your rectangle place it over your pink sole, and count 20 stitches from the middle from toe to the right

Begin to sc through the 3 parts of your work, (sole and two upper sides)

Sc along the other long side of your rectangles, making sure you go through both sides

Once you reach the narrow part of your work, sc through the 3 parts of your work on the opposite side, counting the same amount of st but on the left side of the middle toe.

Sew in Loose Tails

Take your Beige Sole, place it wrong side facing the pink one, and with Beige Yarn, sl st at the back middle of your soles making sure to go through both of the soles

sc all around, going through both soles

When reaching the upper soles, sc through the stitches visibly reachable from assembling it with your pink sole

**sl st with first st when you get to the back of your soles, Fasten off
Sew in Lose Tails.
Repeat for other foot.**

Woohooo!!! You just Created these adorable Slippers
